## Term 4 Week 8

### Principal's Message

Dear Parents,

As senior executive read over every school report it is indeed timely to reflect on the overwhelming amount of positiveness within the school. Our student reports show our students are able to adhere to school rules and regulations, participate in many learning experiences and sporting and social activities.

There are strong signs of progress as students show evidence of their achievements working towards a particular 'outcome'. Teachers program towards an outcome which is a broad statement that describes the expected achievement at stage level. To further guide the learning, 'indicators' in the syllabus act as flags and teachers plan to teach to these explicitly.

Teachers invest many hours to ensure accurate reporting and grades attributed are based on evidence from work samples and assessment tasks. They are 'point in time' reflections of a child's learning. For example, a student who achieves a 'B' in Number one semester may receive a 'C' in the following semester and this may be due to more challenging content along the learning continuum and/or they may be expressing learned knowledge at the 'C' level and require further development to achieve in higher-order tasks.

'C' is an interesting concept in itself as some people's relationship with 'C' may hover around the idea of 'not quite good enough and/or average'. In today's reporting procedures a 'C' should be seen as achievement as it informs that the student, in this subject/strand has shown evidence of satisfactory knowledge/skill in the syllabus outcome.

'A' and 'B' grades denote evidence of learning that offers a broader understanding of the content and the student is able to, knowing the content well, analyse, synthesise, and evaluate.

We invite you to take time to explore your child's learning through the reporting process and the evidence from assessment tasks and work samples in your child's 'Progressive Assessment Folder'. Reports will be issued on Wednesday 14<sup>th</sup> December.

Many special things are happening this week; Kinder 2012 last orientation before 'big school', Year 6 Orientation Interviews at Belmont High, our Year 6 annual 'Fun Day' (out of uniform) and Swim School.

Don't forget to pencil in Wednesday 14<sup>th</sup> December for 'Carols on the Green', a feel-good Christmas family treat. All students will perform in stage items and 'Missing Bits' will lead us in carolling. 'Deck the halls....

Mrs Lee Saurins

Relieving Principal

In a day and age when we worry about children growing up too quickly.....it's not all gloom and doom.....faith is instilled when you come across these delightful scenes of the age old singing/clapping games that fill the air with glee.....

### Positive Affirmation – Quality

'Every day I am responsible for what I achieve!'. This affirmation is about **Quality**. This reminds us that we are responsible for our own results in life. For example if you haven't got a pencil or a badge this year as yet you may have to look at your performance in that area; you may not have deserved it. We only get what we deserve in life, so work hard so that you achieve the best!!!!

Some very happy Mathematicians! **Kate Matthews** has been awarded the Maths Olympiad School Award for 2011 for her fabulous work in the school's extension maths program Maths Plus  
**Jaede Magri** has been placed well in the Newcastle Permanent Mathematics Competition 2011. Jaede was named in the Honour Roll- top 100 achievers. Well done Jaede and now you can get ready for the Newcastle Permanent Mathematics Camp that you have been invited to.

Our Maths Plus Team 2011 who have worked hard with the biggest Mathematics Champion- Miss Wand!

## Mathletics

Buddy Botham proudly holds the **Mathletics** Trophy for this week- 4/5W have had a very strong performance to steal it away from 5/6G this week. We are loving Mathletics at our school!

Our Year 5 and Year 6 students who received a Credit or Distinction in the Newcastle Permanent Mathematics Test 2011 (top 15%).

A very proud Trudi Peterson prepares to play cricket for New South Wales at the upcoming Australian PSSA Cricket Tournament.

## Human Sexuality

Last week saw our Year 6 cohort move off campus for two days to complete the Human Sexuality Course. We went to Swansea –Belmont Surf Club so that we could spread out and have our own space to learn in. The rain was a bit pesky as it limited our play time on the sand.

The year 6 students were very engaged in the learning program which covers course content from the Child Protection and the PE/PD /Health curriculum. The students were involved in learning activities around Puberty, Relationships, Menstruation and Reproduction.

### Human Sexuality Course Student Response

Last week at the Human Sexuality Course we learnt an appropriate age course that taught us about puberty and how our body changes. We also learnt about what goes on inside our bodies. The Human Sexuality Course was taught by Mrs Saurins and the year 6 teachers. We also watched a movie and learnt about giving birth. At the end of each day we watched a cartoon movie about puberty that showed that we all go through changes and that it is all very natural. I like the way the course was set out and agree that we needed to know all the things we learnt.

#### [Australia Day film and photography competitions](#)

Two competitions are currently open that celebrate what it means to be Australian.

The Australia Day Council's Living Australian online photography competition is running with the theme of 'Make your Mark Australia' for 2012. The junior division prize is \$1000 and a Canon EOS 600D DSLR Camera. The open division carries a cash prize of \$4000 with the winning image immortalized on an Australian stamp.

The Reel Australian Short Film Competition is also open. Students can submit an original short film in response to the question: 'What makes a mark on your Australia?'

There are three divisions: junior, open and mobile with prizes including cash, an iPad2 and a camera.

Both competitions close on 6 December. More info at: [www.AUSSIEVAULT.com.au](http://www.AUSSIEVAULT.com.au).

#### [Healthy lunchbox ideas](#)

We are all so busy in the lead up to Christmas, but it is still important to provide your child with healthy, nutritious and filling lunches and snacks at school.

The School A to Z website has some great quick and easy lunchbox ideas.

The site has printable recipes and food tips as well as allergy buster lunches for the most sensitive.

And remember as the weather warms up, freeze a water bottle and place in the lunchbox (wrap in a cloth to keep food dry) to keep food at a safe temperature for consumption.

#### [Youth info a click away](#)

Links and resources for young people on areas including: legal rights; school and beyond; health and wellbeing; disabilities; work and money; getting help; are available on the Youth NSW website.

The site includes a comprehensive list of grants and funding available to young people to pursue specific projects.

## School News

**Please be aware that the canteen will be closed on Thursday 15/12/2011 and Friday 16/12/2011. Please do not send a lunch order on these days.**

### Year 6 Fun Day

Just a reminder that the year 6 fun day is on tomorrow, Thursday 1<sup>st</sup> December. Tokens are 20c each. Most stalls require 2 – 4 tokens. **It is an out of uniform day.** Tokens will be sold to the children in the morning in their classrooms.

Carols on the Green will be held on Wednesday 14<sup>th</sup> December. This is a family event and will commence at 5.30 on the day.

## Sport

### K-2 Assembly

Due to the 'busyness' of the last week of term, the K-2 assembly for Week 10 will be brought forward to Week 9 (Thursday 8<sup>th</sup> December) at 2.15pm in the school hall. This will be the last opportunity for students to receive their Floraville Badge for 2011. Please remember that these awards need to be earned and not every child automatically receives a badge each year. They must follow the values of the school pencil system of Confidence, Persistence, Organisation, Getting Along and Quality. These attributes need to be observed by teachers in the classroom and the playground.

## Band

### Bandfest 2011

Congratulations to our band who have worked hard. This year they went up a division at Bandfest. Mrs Paget is proud of her band members and is pictured here with some of her senior students

**It was very impressive seeing the items donated to the school by the Ireland family that show the tremendous results that Jack has achieved. The frame is on display in the school office. Again well done Jack, you can be proud of your achievements.**

Air conditioning is very much in the media at the moment. The Department of Education has seen fit to spend a large amount of money on their executive offices. There are many schools within the state that have little or no air conditioning. As a result of the great community spirit at Floraville, all our children are able to enjoy their school days within air conditioning comfort. Thank you to everyone for supporting us in our endeavours.
