Dear Kinder 2022 Parents and Carers,

As you are aware, under Level 3 Plus restrictions on-site orientation programs are not permitted. We have been communicating with local pre-schools and have started receiving their 'Transition to school' statements that assist us with planning for Kinder 2022. We thank you for your patience as our Kindergarten teachers put alternative 'Transition to school' processes into place.

In order to connect with our incoming students and their parents and carers, we will be using the online platform "Seesaw". Our school has been using Seesaw for Home Learning as it provides families with safe and easy access to school and teachers from their homes.

Your decision to use Seesaw is completely optional, however we do recommend that you take advantage of this program as it is aimed at supporting your child's transition to Floraville Public School. The teachers will be posting videos and some optional activities for the children. Hopefully these should help to familiarise the children with aspects of our school. They may even have get to meet their Year Six buddy this way. Each child will also have the opportunity to record and send videos to the teachers which will give us further information to help with our planning too. Children cannot view other children's posts and only the Kindergarten teachers will have access to your child's uploaded posts.

Attached to this email you will find your invitation/personal codes and instructions for accessing Seesaw.

For further Seesaw information and technical support, please call the school office on (02)4945 4845 and leave a message for Miss Katen.

We look forward to being able to connect with you via Seesaw.

Kind Regards,

Early Stage One teachers
